**Title:** Kamsan - A Travel Guide for Tourists in Cambodia

**About:**

The purpose of **Kamsan** is to introduce destinations, activities, food, and culture to the visitor. It helps tourists to get the idea to explore Khmer food, Khmer culture, popular places, and what the website recommends them to do when they arrive in Cambodia. This makes their traveling easier and convenient.

**Abstract:**

Kamsan is designed to help tourists discover the beauty, culture, and experiences of Cambodia. The website will contain six main pages: **Home, Destinations, Food, Things To Do, Travel Guide, and Contact/About.**

The **Home page** will conduct an overview of top destinations, top food to try, popular things to do, quick travel tips, and footer.

The **Destination page** will display the images, place names, short descriptions, and view details of the prosperity places such as **Siem Reap (temples), Koh Rong (island), Kampot (nature).**

The **Food page** will display traditional Khmer cuisine and acknowledge where each dish originates from across different provinces in Cambodia.

The **Things To Do page** will showcase fun activities such as visiting famous temples, enjoying gorgeous beaches, and experiencing local culture.

The **Travel Guide page** will provide important information about transportation, the best times to visit Cambodia, and helpful travel tips. We will try to research and provide accurate information for visitors.

Finally, the **Contact/About page** will include information about the website and allow visitors to contact us.
